ACPE Universal Program Number 0857-0000-13-001-L04-P

2.0 contact hours (0.2 CEU)

Knowledge-based

Session Overview:

Health care reform initiatives contained within the Patient Protection and Affordable Care Act (PPACA) offer increasing opportunities for health care professionals to provide patient care services, including those for underserved populations, utilizing innovative team-based delivery models. This session will provide an overview of health care reform, how it can enable better health care for the underserved, and how program participants can best partner with the Centers for Medicare & Medicaid Services (CMS) to serve patient needs during the health care reform transition. Panel members representing pharmacy practice, academia, and boards of pharmacy will respond with reflections including examples of why and how pharmacists should and have fulfilled these roles.
