CE Information:

NABP® and the NABP Foundation® are accredited by the Accreditation Council for Pharmacy Education (ACPE) as providers of continuing pharmacy education (CPE). ACPE Provider Number: 0205. Pharmacist participants may earn ACPE-accredited CPE credit for this knowledge-based activity by submitting the activity code at www.nabp.pharmacy/claimcpe. Full attendance and completion of the online activity and speaker evaluations (plus the learning assessment, if applicable) for each session are required to receive CPE credit and for the credit to be recorded in the CPE Monitor® system. If you do not submit your CPE claim within 60 days of the date you completed the CPE activity you will be unable to receive credit. Participants are responsible for submitting their own credit; NABP will not submit credit on the participants' behalf.

Session Learning Objectives:

Pharmacist Prescribing Lessons Learned:

- Identify trends in policy changes related to pharmacist prescribing and state level pharmacy association efforts to advocate for pharmacist prescribing of contraception.
- Classify strategies for success and barriers encountered by states when advocating for pharmacist prescribing policies.
- Describe best practices for implementing pharmacist prescribing policies.
- Describe the path for HB 135 to be signed into law in July 2021.
- Discuss the actions that have resulted since the bill signing and its impact on the patients of IL.

Test-and-Treat: Utilizing POCT and Pharmacist Prescribing to Enhance Care:

- Summarize the outcomes data surrounding pharmacy-based test- and-treat programs.
- List features of a test-and-treat program that would be considered best practice.
- Identify similarities and differences in states with respect to permissibility of pharmacy-based test-and-treat programs.

Hot Topics: Laws, Practice, & Education Advancements

- Discuss practice based, regulatory, legislative, and educational changes occurring in various states.
- Describe similarities and differences in changes in practice, laws, innovations, and education.
- Discuss common shared challenges and opportunities to advance in practice, laws, innovations, and education.
- Identify potential solutions to common shared challenges and opportunities to advance in practice, laws, innovations, and education.

Breaking Barriers and Building Bridges: Pioneering DEIJ in Clinical Pharmacy Education

- Explain the importance of integrating diversity, equity, inclusion, and justice (DEIJ) concepts into pharmacy curricula.
- Review barriers to incorporating DEIJ in pharmacy curricula.
- Describe how to create inclusive teaching materials.
- Discuss methods to incorporate DEIJ in clinical pharmacy content.

Lessons Learned in “Standard of Care” Regulation

- Define “standard of care” regulation.
- Describe differences between "standard of care" from traditional "prescriptive regulation.”
- Discuss how pharmacy regulates professional services relative to other health professions.

Registration Fees:

\$265 for early bird registration

\$325 for registration
