

## **Joining Forces Workshop (Thur 9/19) Moderator Bios:**

### **Hannah Ferrari:**

Dr. Ferrari is a Clinical Assistant Professor of Pharmacy Practice at Wayne State University and an Ambulatory Care Clinical Pharmacy Specialist at Henry Ford Health, working with the Cardiology outpatient services. Her research and practice interests include addressing health disparities in medication access and improving outcomes in cardiovascular disease and lipid management. She enjoys working with students and residents across the continuum of care to ensure that every pharmacist understands the importance of ambulatory care pharmacy practice.

### **Susan Davis:**

Dr. Davis is the Associate Dean for Pharmacy at Wayne State University and a Clinical Professor of Pharmacy Practice. She previously served as a Clinical Pharmacy Specialist in Infectious Diseases at Henry Ford Health. She is a past president of the Society of Infectious Diseases Pharmacists, served on the NIH COVID-19 Treatment Guidelines Panel, and has over 100 peer reviewed publications in infectious diseases pharmacotherapy and antimicrobial stewardship. As the Associate Dean for Pharmacy she enjoys working with faculty/staff, students, and alumni to advance the profession of pharmacy and prepare new practitioners for exciting career paths.
